### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

*Claims 2, 6 and 10 have been canceled.*

**Claim 3** lines 1-2 replace 'The compound, according to claim 2, wherein said compound has' with ---An inhibitor of HMG-coA reductase having----

**Claim 4** lines 1-2 replace 'The compound, according to claim 2, wherein said compound has' with ---An inhibitor of HMG-coA reductase having----

**Claim 7** line replace 'The pharmaceutical composition, according to claim 6 wherein said compound has' with ----A pharmaceutical composition wherein said composition comprises a pharmaceutical carrier and a compound having--

**Claim 8** line replace 'The pharmaceutical composition, according to claim 6 wherein said compound has' with ----A pharmaceutical composition wherein said composition comprises a pharmaceutical carrier and a compound having--

**Claim 11** line 1 replace 'The method, according to claim 10' with ----A method for inhibiting HMG-CoA reductase in an individual in need of such treatment wherein said method comprises administering to said individual a compound----

**Claim 12** line 1 replace 'The method, according to claim 10' with ----A method for inhibiting HMG-CoA reductase in an individual in need of such treatment wherein said method comprises administering to said individual a compound----

**Claim 13** line 1 replace 'claim 10' with ----claim 11---

**Claim 14** line 1 replace 'claim 10' with ----claim 11---

***Please add the following claims:***

----Claim 15. The method, according to claim 12, wherein the individual is a human.

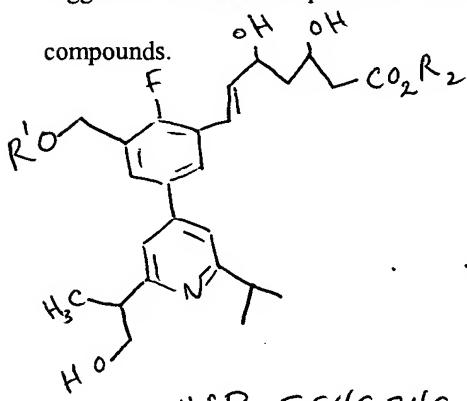

Art Unit: 1625

Claim 16. The method, according to claim 12, wherein said method is used to lower cholesterol levels.-----

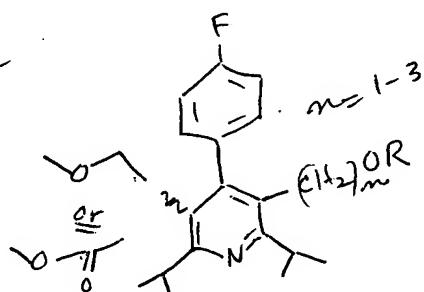

The change was made to obviate potential 35 USC 112 rejection. Note that the variables n and R have two (2) different meanings depending on the formula of the compound. For example, n = 1-3 and n = 0-3. This is confusing when present in the same claim.

### REASONS FOR ALLOWANCE

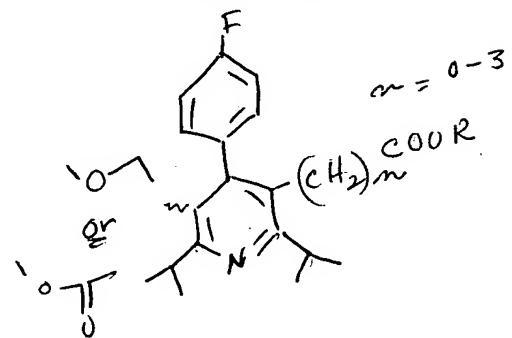

The following is an examiner's statement of reasons for allowance: The prior art neither teaches nor suggests the claimed compounds or their use. Compounds of formula I are taught which differ from the claimed compounds.
